

Security Seals

For trucks, shipping containers, rail wagons, bonded stores, or general application.

We offer several different types of security seals:

- Bolt Seal
- Plastic Strip Seal
- Steel Cable Seal

All of these tamper evident seals are impossible to open without destroying or visibly damaging the seal, therefore preventing theft and/or contamination of goods in transit or storage.

Personal / Company seals available
minimum Qty required.

Container Access Ramps

Makes manual/forklift loading and unloading of containers quicker and safer.

Made from 5 mm checker plate.

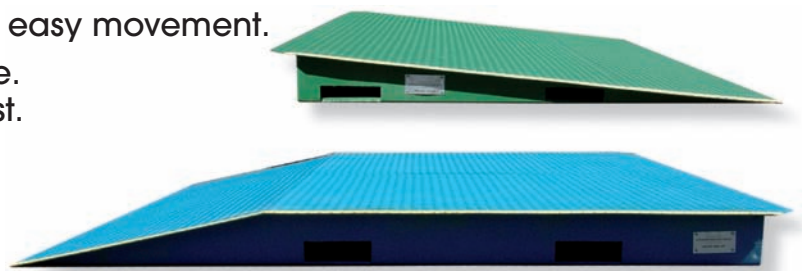

Include fork pockets to ensure safe & easy movement.

Daily and weekly ramp hire available.

Custom sizes are available on request.

Available in 3 standard sizes:

- 2200 mm x 2400 mm x 165 mm
- 2200 mm x 1800 mm x 165 mm
- 2200 mm x 1100 mm x 165 mm

Temperature Recorder

In transit temperature recorders are single use, low cost and reliable time and temperature recording instruments.

Recorders are used to accompany temperature sensitive commodities during transportation, thereby giving a chart recording of the temperature to which a product was exposed during its entire time in transit.

Recorders are sometimes used for tracking temperature history during storage.

- charts read in both Celsius & Fahrenheit , - 28° Celsius to 38° Celsius
- Recorders are available in 10, 40, 60 day
